Dear Mr. Lee,

I write this letter to express my sincere appreciation for your efforts and assistance with my water problem. On February 6, 2013 I returned after work to my home on Palmer Street to discover water bubbling up in my front yard. I called our office and asked for their assistance. Even though it was after the close of the normal work you came to my home within 10 minutes of my initial call. You helped me determine the nature of the problem and scheduled the repairs for the next day. During your repairs you were able to save my paving brick walkway. I thank you for this too.

In short, your business performed the needed repairs quickly and was a great assistance to me during this home crisis. You have my appreciation.

Sincerely,

John Sigworth
